I am grateful for all of the beautiful, challenging, good and strong encounters that I have been able to experience since I was born. My parents Hans Rudolf and Madeleine Zuber-Lorenz live in Bettlach SO, my siblings Marc-Andre and Rachel - farmer and entrepreneur, helicopter pilot, dispatcher at a helicopter company, previously 23 years as a nurse, mainly night duty at the emergency ward of the Inselspital in Bern, also live in the canton of Solothurn. On the right, you see me with a very close friend from Ruanda. We know and respect each other since 40 years.

Das ist auf Xhosa – eine unserer Schülerinnen in Zuchwil spricht dies mit ihrer Mutter. Auf Vallader möchte ich dies schreiben, schaffe es aber nur in Englisch:

For a man from Solothurn, who has lived and worked in the Bernese Seeland since 1985, for two years in the Lower Engadin - worked for UNESCO in Poland and Morocco, the two adjectives regional and international are not contradictions or exclusions, but have a lot in common.
